Cultural Inheritance and Art Innovation- Culture Salon & Cocktail Party (invitation only)

Time: 24th March, 20:00-22:00

Venue: Pavilion, Level 2, BFA Hotel

Cultural inheritance is of vital importance for a nation to sustain and grow, and every nation will have her spiritual backup to prosper and flourish. As the lifeline of the development of the culture, art inheritance and innovation is enormously critical particularly in this "impetuous" cultural environment today. Facing the impact from internet technologies and the new media surroundings, how to stimulate the development of the privately-run and online artistic communities, will be the key issue in China. We have invited the famous musician, Mr. Wang Feng, and honorable guests to share their insights about cultural inheritance and art innovation, to explore the path and challenge for China's cultural growth and prosperity.

Guest:

- WANG Feng, Singer & Composer

Nature Is Speaking, Are We Listening? (Invitation only)

Time: March 25th, 20:00-22:00

Venue: Forum Pavilion, Level 1, BFA Hotel

Join Conservation International's Chairman and CEO Peter Seligmann and China leading actress Ms. Tang Wei for Nature Is Speaking, are We Listening? Listen to the sounds of the natural world, take a deep dive into the sea, and venture through the forest as you explore the critical links between nature, business and society, and discover the potential of green investment. Against a backdrop of crowded cities where even breathing becomes difficult and the environment suffers, can our nations and economies become sustainable? Remember, nature doesn't need people. People need nature.

Guest:

- Peter SELIGMANN, Chairman and CEO, Conservation International
- TANG Wei, China leading actress

In that spring a hundred years ago, Mr. Xu Beihong took a sea-voyage eastwards to Japan to study, and then continued to study, exhibit and communicate across Eurasia, he has developed the Belt and Road of culture and art. Painting art is the common language of human beings, it also needs mutual communication and reference of different culture areas. Review the continuously exploring road which they had walked for art exchange between eastern and western, it is presented in Mr.Xu Beihong's representative works "North Tour", "Running Horses", as well as the

representative works of Mr. Qi Baishi, Mr. Li Kuchan, etc.

Memories and Feelings --- FENG Ke Exhibition

Time: 23rd-26th, March

Venue: Corridor of Forum Pavilion, Level 1, BFA Hotel

Where do we come from? Where are we going? "We are fully responsible for the rescue of our dying culture heritage. The Old Beijing itself is a value of art." For Feng Ke, an artist should take the heavy responsibility of history, lift his spirit for caring about humanity, and be motivated to contribute to the civilization, culture, and tradition restored in our society. Chinese painting should not only depict plum blossoms, orchid, bamboo and chrysanthemum or mountains and water, but also present the disappeared or endangered memories of history and cityscape. He believes that the respecting and acknowledging history is another way to complete the present and to show our hope towards the future.

"YIJING" Asian Contemporary Art Exhibition ---ARTMIA FOUNDATION

Time: 23rd-26th, March

Further, rather than a visual feast, it is also the turning point of local economic revitalization and cultural heritage.

One ware one way · one utensil one artistic conception——Treasures Exhibition of Song Official Kiln

Time: 23rd-26th, March

Venue: Lobby of Oriental Theatre, Level 1, BFA Hotel

Water is the mother of tea. Porcelain is the father of tea. Song Official Kiln is the heritage of official kiln of Song Dynasty, which inherits the essence of tea ware in Song Dynasty and combines with the classic of tea ware in Song Dynasty and the color change of Jun porcelain. Pry into tea with a tea ware and enjoy the magnificent spectacle of tea with a ware. Porcelain ware takes the classical form of Song Dynasty. Its glaze and colors blend the aroma and color of tea. Raw mineral aggregate produces numerous colors. The appearance naturally formed suits the naive of tea. High-temperature refined and velvety ware is more helpful to the change of tea. With a cup of tea, taste the reason of China, which is harmonious between the heaven and human; with a kind of tea ware, feel the artistic conception of heaven, earth and man.

A Monumental Thangka Art Exhibition on “the Tenth Panchen Lama, Great Master of Tibetan Buddhism”

Time: 23rd-26th, March

Venue: The Inaugural Site of Boao forum for Asia (Membrane Structure)

Thangka represents a special kind of Tibetan painting, depicting the sacred Buddhist world with bright and shiny colors. Sourced from precious materials such as gold, silver, pearls, saffron, corals, rhubarb and indigo, the colors can remain gorgeously bright for centuries. Due to its unique features, Thangka is recognized as a gem of the Chinese painting art. The monumental thangka to be exhibited is 56 meters in length, featuring the 10th Panchan Lama tirelessly devoting himself to the great cause of China’s unification throughout his lifetime. It highlights the theme

that “all nationalities in China are united as one big family.”

Tech. Lab

Virtual Reality

Time: 23rd-26th, March

Venue: East Library, Lobby, Level 2, BFA Hotel

Vive is the first and only complete VR solution, allowing for industry-leading, ground-breaking 360° room-scale tracking. Comprised of a headset, two wireless controllers designed specifically for VR interaction, and two laser base stations for tracking, Vive renders hyper-realistic sights and sounds that transport the users to new, unimaginable worlds. Vive is working with partners to create innovative content ranging from gaming, entertainment and auto to retail, education and health, with the purpose of firing the imagination and truly changing the world.

Augmented Reality

Time: 23rd-26th, March
